Statutory Provisions

Planning and Development Act, 2000 (as amended)

In order to assess this proposal, regard has to be had to the *Planning and Development Act 2000, as amended*.

Section 4(1)

The following shall be exempted developments for the purposes of this Act –

(h) development consisting of the use of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures;

Planning and Development Regulations, 2001 (as amended)

Article 6(1)

Subject to Article 9, development of a class specified in column 1 of Part 1 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 1 opposite the mention of that class in the said column 2.

Under Article 9 (1) of the same Regulations, development to which Article 6 relates shall not be exempted development for the purposes of the Act:

(xii) further to the provisions of section 82 of the Act, consist of or comprise the carrying out of works to the exterior of a structure, where the structure concerned is located within an architectural conservation area or an area specified as an architectural conservation area in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan and the development would materially affect the character of the area.

Assessment

Basis of Referral

The applicant is seeking a Section 5 Declaration as to whether the renovation of an existing cottage at Tarmon West, Kilkee, County Clare V15NX09, is not development and is or is not exempted development.

Particulars of Proposal

The site accommodates a vacant single storey cottage, adjacent outbuildings and 2 mobile homes. The dwelling appears in structural condition which allows for its restoration. In addition, the windows and doors remain in place, and the dwelling may be currently classified as a habitable dwelling. No alterations to the existing dwelling in terms of extensions etc are proposed.

Planning Status

It is unclear how long the cottage has been vacant. Whilst, the cottage is not currently in use, based on the available information, when it was last used, it was as a dwelling. In addition, I consider that the dwelling is not in ruinous condition.

The restoration of the existing cottage constitutes the maintenance and improvement of the existing structure and would not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures. Therefore, in accordance with Section 4(1)(h) of the Act the proposed works are exempted development.

Recommendation

The following question has been referred to the Planning Authority:

Whether the renovation of an existing cottage at Tarmon West, Kilkee, County Clare V15NX09 is not development and is or is not exempted development.

The Planning Authority in considering this referral had regard to:

- (a) Sections 2, 3 and 4 of the Planning and Development Act, 2000, as amended,
- (b) Articles 6 and 9 of the Planning and Development Regulations 2001, as amended
- (c) The works as indicated in submitted documents from the referrer on 19th March 2024.

And whereas Clare County Council (Planning Authority) has concluded:

- (a) the renovation of an existing cottage at Tarmon West, Kilkee, County Clare V15NX09, constitutes "works" which come within the scope of section 2 (1) of the Planning and Development Act 2000, as amended
- (b) the said works constitute "development" which comes within the scope of section 3 (1) of the Planning and Development Act 2000, as amended
- (c) the said development of the renovation of an existing cottage at Tarmon West, Kilkee, County Clare V15NX09,, is exempted development having regard to Section 4(1)(h) of the Planning and Development Act 2000 (as amended).

Now therefore Clare County Council (Planning Authority) hereby decides that the renovation of an existing cottage at Tarmon West, Kilkee, County Clare V15NX09, is development and is exempted development.

This section identifies the European Sites within the likely zone of impact of the plan or project. For plans an initial 15km zone of influence (NPWS-DAHG)¹ is recommended. For projects, the distance could be much less than 15km, and in some cases less than 100m, but this must be evaluated on a case-by-case basis with reference to the nature, size and location of the project, and the sensitivities of the ecological receptors, and the potential for in combination effects. Qualifying Interests/Special conservation Interests for each site and the distance relevant to the proposal are listed (Table 2 (a)).

⁴ In accordance with S177U of the Planning and Development (Amendment) Act 2010, the applicant should be requested to submit an 'Appropriate Assessment Screening Matrix' completed by a suitably qualified ecologist, by way of Further Information. Following receipt of this information a new Appropriate Screening Report should be completed. The requested 'Appropriate Assessment Screening Matrix' should be in accordance with the template outlined in Annex 2, Figure 1 of the EU (2001) guidance document 'Assessment of plans and projects significantly affecting European Sites – Methodological guidance on the provisions of Article 6(3) and (4) of the Habitats Directive 92/43/EEC. ⁵ The proposed development must either be refused planning permission or alternatively an 'Appropriate Assessment' (AA) should be carried out by the Planning Authority. In order to facilitate the preparation of an AA the applicant should be requested to submit a Natura Impact Statement (NIS) in accordance with S177 (T) of the Planning and Development (Amendment) Act 2010. However, in the case of an application to retain unauthorised development of land and where the authority decides that an 'appropriate assessment' should have been carried out prior to the commencement of development, the application is required to be invalidated by the Planning Authority as per S34 (12) of the Planning and Development (Amendment) Act 2010 and accordingly an NIS should not be requested in such instances.
