### **Background to Referral**

This Referral under Section 5(3)(a) of the Planning and Development Act 2000 (as amended) has been made by Mr. Gerard Madden. The applicant is seeking a Section 5 Declaration as to the following development:

*Whether the erection of a fence 1.2m high at Riverdale, Westbury, Co. Clare is considered development and if so, is it exempted development*

The referrer provides additional details, as follows.

- The proposed fence will consist of timber post and steel wire
- It will be 74m in length and located on agricultural lands.

### **Referral Planning History**

#### **19-30**

Whether the construction of a 1.5m high fence (sheep wire) internally on land at Riverdale, Westbury is or is not development and is or is not exempted development.

The Planning Authority determined that:

- The erection of a fence constitutes both 'works' and development as set out under Section 2 and 3 of the Planning and Development Act 2000, as amended.
- The development does not come within the scope of exemption afforded by Section 4(1)(h) of the Planning and Development Act 2000 as amended.
- The development does not come within the scope of the exemption afforded by Class 11 of Part 1 of the Second Schedule to the Planning and Development Regulations, 2001 as amended, as the height of the fence exceeds 1.2m.
- The proposed fence, which would intersect a permitted area of public open space, would not be exempted development as it would contravene a condition of a planning permission, that is, condition number 5 of planning permission granted under planning register reference number 02/2035, and, therefore, the restriction on exemption under Article 9(1)(a)(i) of the Planning and Development Regulations 2001, as amended, applies in this instance.
- Now therefore Clare County Council decides that the proposed erection of a 1.5m high fence internally on land at Riverdale constitutes development which is not exempted development.

## **R 20-4**

Whether the erection of fence no. 1 and fence no. 2 at Riverdale, Westbury, Co. Clare is or is not development and is or is not exempted development. The Planning Authority ruled that these works were not exempted development. This decision was upheld on appeal to the Board as follows:

- a) the erection of the proposed fences falls within the definition of works under section 2 of the Planning and Development Act, 2000, as amended, and constitutes development within the meaning of section 3(1) of the Act,
- b) the erection of the proposed fences falls within the scope of Class 11 of Part 1 of the Second Schedule to the Planning and Development Regulations, 2001, as amended, and under article 6(a) of the Planning and Development Regulations, 2001, as amended, and
- c) by reason of the said fences enclosing land habitually open to, or used by, the public during the ten years preceding such fencing or enclosure for recreational purposes, the subject development, by virtue of the provisions of article 9(1)(a)(x) of the Planning and Development Regulations, 2001, does not come within the scope of the exempted development provisions of the Second Schedule to the Planning and Development Regulations, 2001, as amended

## **Assessment**

The applicant is seeking a Section 5 declaration as to whether the erection of a fence 1.2m high at Riverdale, Westbury, Co. Clare is considered development and if so, is it exempted development.

This is the third such declaration sought on these lands for the development of a fence. Previous declarations under R19-30 and R20-4 were deemed not to be exempted development.

The proposed fence is to be located to the south of the zoned open space area as set out in the Development Plan, OS3.

It is noted that under R 19-30, the fence was to be located on the boundary of the zoned open space area and the non-zoned area.

Under R20-5, two fences were proposed, one surrounding the turning circle to the north and the other over and to the south of the open space area.

I inspected the subject site and agree with the report from the Boards inspector in terms of the connectivity of this area with the wider open space area (including the zoned open space area). The area is open to the public and is not enclosed, and is contiguous to the wider open space area. There are existing informal pathways throughout the site also.

I am satisfied that the proposed fence constitutes both works and development as set out in the Act and also falls within the exemptions as set out under Class 11 of Schedule 2 Part 1 of the Regulations.

The main issue for consideration is the de-exemptions on development as set out under Article 9 of the Regulations.

Article 9 details a number of restrictions on exempted development. That relevant to the current case, and which was referenced by An Bord Pleanála, is Article 9(1)(a)(x) which refers to a development consisting of the fencing or enclosure of any land habitually open to or used by the public during the 10 year preceding such fencing or enclosure for recreational purposes, shall not be exempted development for the purposes of the Act.

No evidence has been provided in the current application to address the previous declaration by the Board in that the subject area has not been habitually open to the public during the last 10 years. The restrictions under article 9(1)(a)(x) therefore apply and the erection of a fence, as proposed, does not constitute exempted development.

Whilst the Board did not include the de-exemptions as per 9 (a) (i), in the order as issued, in my view these are still relevant here.

Conditions of pl. 02/ 2035 states:

1. The development shall be carried out in accordance with plans and particulars submitted to the Planning Authority on 22<sup>nd</sup> November 2002 as amended by plans and particulars of 24<sup>th</sup> June 2003 except where altered or amended by conditions in this permission.

Reason: To define the scope of permission, in the interest of orderly development.

5. No development shall occur in the designated open space areas including the open space area to south of the site hatched in blue colour on site layout plan drawing no. 03-100A received by the Planning Authority on 24<sup>th</sup> June 2003.

Reason: In the interests of amenity, to ensure an appropriate density on site, in the interests of orderly development and residential amenity

Having regard to the foregoing conditions I consider that the erection of the fence would contravene condition no. 1 and no. 5 of Pl. Ref 02/2035, and consider that this should be included in the order of this particular declaration.

### **Recommendation**

**The following questions have been referred to the Planning Authority:**

Whether the erection of a fence 1.2m high at Riverdale, Westbury, Co. Clare considered to be development and if so, is it exempted development.

***The Planning Authority in considering this referral had regard to:***

- (a) Sections 2, 3 and 4 of the Planning and Development Act, 2000, as amended.
- (b) Class 11 of Part 1, Schedule 2 of the Planning and Development Regulations 2001 as amended.
- (c) Articles 6 and 9 of the Planning and Development Regulations 2001 as amended.
- (d) The details and particulars as submitted with the referral application
- (e) The planning history of the site.

**And whereas Clare County Council (Planning Authority) has concluded:**

- i. The erection of a fence constitutes both 'works' and 'development' as set out under Sections 2 and 3 of the Planning and Development Act, 2000, as amended.
- ii. The erection of the proposed fence falls within the scope of Class 11 of Part 1 of the Second Schedule to the Planning and Development Regulations, 2001, as amended, and under article 6(a) of the Planning and Development Regulations, 2001, as amended,
- iii. The proposed fence, would not be exempted development as it would contravene conditions of a planning permission, namely, conditions number 1 and 5 of planning permission granted under planning reference number P02/2035, and, therefore, the restriction on exemption under Article 9(1)(a)(i) of the Planning and Development Regulations 2001, as amended, applies in this instance.

- iv. By reason of the said fence enclosing land habitually open to, or used by, the public during the ten years preceding such fencing or enclosure for recreational purposes, the subject development, by virtue of the provisions of article 9(1)(a)(x) of the Planning and Development Regulations, 2001, does not come within the scope of the exempted development provisions of the Second Schedule to the Planning and Development Regulations, 2001, as amended.

**Now therefore**

Clare County Council hereby decides that the proposed erection of a fence no. 1 at Riverdale, Westbury, Co. Clare constitutes development which is not exempted development.
