**PLANNERS REPORT 1**

<b>FILE REF:</b>	R22-23
<b>APPLICANT(S):</b>	Stephen Sheedy
<b>REFERENCE:</b>	Whether the construction of a slatted shed at Darragh, Ennis, County Clare is not development and is or is not exempted development.
<b>LOCATION:</b>	Lismulbreeda, Darragh, Ennis, County Clare
<b>DUE DATE:</b>	26 <sup>th</sup> April 2022

**Site Location**

The proposal site is located in the rural townland of Lismulbreeda. It is approximately 410 metres north west of the N68 national secondary road. The shed would be to the north west of an existing agricultural shed. There is a concrete yard to the south east of the shed. The site is accessed via the LT42241 local tertiary road. Where this road terminates the site is accessible via a farm road. Views towards the site from the national road are significantly screened by existing trees and hedgerows and the site benefits from the visual backdrop of rising lands behind the site. The site is located within the Western Corridor Working Landscape as per the Clare County Development Plan 2017-2023 (as varied).

**Background to Referral**

This Referral under Section 5(3)(a) of the Planning and Development Act 2000 (as amended) has been made by Stephen Sheedy who states that he is seeking a Section 5 Declaration as to whether the construction of a slatted shed at Darragh, Ennis, County Clare is or is not development and is or is not exempted development. Mr Sheedy is the stated owner of the site.

## Statutory Provisions

### Planning and Development Act, 2000 (as amended)

In order to assess this proposal, regard has to be had to the *Planning and Development Act 2000, as amended*.

S.3.(1) In this Act, “development” means, except where the context otherwise requires, **the carrying out of any works on, in, over or under land** or the making of any material change in the use of any structures or other land.

‘Works’ are defined in Section 2 of the *Planning and Development Act 2000, as amended* as follows:

*“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.*

### Planning & Development Regulations, 2001, as amended

Article 6 refers to Exempted Development and states that subject to Article 9, development of a class specified in column 1 of Part 3 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 3 opposite the mention of that class in the said column 1.

### Planning and Development Regulations 2001 (as amended) Schedule 2, Part 3, Class 6

*Works consisting of the provision of a roofed structure for the housing of cattle, sheep, goats, donkeys, horses, deer or rabbits, having a gross floor space not exceeding 200 square metres (whether or not by extension of an existing structure), and any ancillary provision for effluent storage.*

- 1. No such structure shall be used for any purpose other than the purpose of agriculture.*
- 2. The gross floor space of such structure together with any other such structures situated within the same farmyard complex or within 100 metres of that complex shall not exceed 300 square metres gross floor space in aggregate.*
- 3. Effluent storage facilities adequate to serve the structure having regard to its size, use and location shall be constructed in line with Department of Agriculture, Food and Rural Development and Department of the Environment and Local Government requirements and shall have regard to the need to avoid water pollution*
- 4. No such structure shall be situated, and no effluent from such structure shall be stored, within 10 metres of any public road.*

5. *No such structure within 100 metres of any public road shall exceed 8 metres in height.*
6. *No such structure shall be situated, and no effluent from such structure shall be stored, within 100 metres of any house (other than the house of the person providing the structure) or other residential building or school, hospital, church or building used for public assembly, save with the consent in writing of the owner and, as may be appropriate, the occupier or person in charge thereof.*
7. *No unpainted metal sheeting shall be used for roofing or on the external finish of the structure.*

*Under Article 9 (1) of the same Regulations, development to which Article 6 relates shall not be exempted development for the purposes of the Act:*

*(a) if the carrying out of such development would –*

*(i) contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act*

*(ii) consist of or compromise the formation, laying out or material widening of a means of access to a public road the surfaced carriageway of which exceeds 4 metres in width,*

*(iii) endanger public safety by reason of traffic hazard or obstruction of road users,*

*(iv) interfere with the character of a landscape, or a view or prospect of special amenity value or special interest, the preservation of which is an objective of a development plan for the area in which the development is proposed or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan.*

*(vii) consist of or comprise the excavation, alteration or demolition (other than peat extraction) of places, caves, sites, features or other objects of archaeological, geological, historical, scientific or ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan for the area in which the development is proposed or, pending the variation of a development plan or local area plan, or the making of a new development plan or local area plan, in the draft variation of the development plan or the local area plan or the draft development plan or draft local area plan,*

*(viiA) consist of or comprise the excavation, alteration or demolition of any archaeological monument included in the Record of Monuments and Places, pursuant to section 12(1) of the National Monuments (Amendment) Act 1994, save that this provision shall not apply to any excavation or any works, pursuant to and in accordance with a consent granted under section 14 or a licence granted under section 26 of the National Monuments Act 1930 (No. 2 of 1930) as amended,*

*(viiB) comprise development in relation to which a planning authority or An Bord Pleanála is the competent authority in relation to appropriate assessment and the development would require an appropriate assessment because it would be likely to have a significant effect on the integrity of a European site,*

*(viiC) consist of or comprise development which would be likely to have an adverse impact on an area designated as a natural heritage area by order made under section 18 of the Wildlife (Amendment) Act 2000."*

*(viii) consist of or comprise the extension, alteration, repair or renewal of an unauthorised structure or a structure the use of which is an unauthorised use,*

*(ix) consist of the demolition or such alteration of a building or other structure as would preclude or restrict the continuance of an existing use of a building or other structure where it is an objective of the planning authority to ensure that the building or other structure would remain available for such use and such objective has been specified in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan,*

*(x) consist of the fencing or enclosure of any land habitually open to or used by the public during the 10 years preceding such fencing or enclosure for recreational purposes or as a means of access to any seashore, mountain, lakeshore, riverbank or other place of natural beauty or recreational utility,*

*(xi) obstruct any public right of way,*

*(xii) further to the provisions of section 82 of the Act, consist of or comprise the carrying out of works to the exterior of a structure, where the structure concerned is located within an architectural conservation area or an area specified as an architectural conservation area in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan and the development would materially affect the character of the area.*

## Assessment

### Basis of Referral

The applicant is seeking a Section 5 Declaration as to whether the construction of a slatted shed at Darragh, Ennis, County Clare is or is not development and is or is not exempted development.

### Particulars of Proposal

The particulars of the proposal and site are set out below:

- |                           |                                     |
|---------------------------|-------------------------------------|
| • Height                  | 5.8 metres                          |
| • Proposed Floor Area     | 196.7 sqm (cumulative 266.9sqm)     |
| • Distance from road      | Greater than 10 metres              |
| • Distance from dwellings | > 100 metres (applicants & mothers) |

### Planning and Development Regulations 2001 (as amended) Schedule 2, Part 3, Class 6

*Works consisting of the provision of a roofed structure for the housing of cattle, sheep, goats, donkeys, horses, deer or rabbits, having a gross floor space not exceeding 200*

*square metres (whether or not by extension of an existing structure), and any ancillary provision for effluent storage.*

It is proposed that the structure will be used as a slatted shed.

- 1. No such structure shall be used for any purpose other than the purpose of agriculture.*

The use proposed is agricultural.

- 2. The gross floor space of such structure together with any other such structures situated within the same farmyard complex or within 100 metres of that complex shall not exceed 300 square metres gross floor space in aggregate.*

The 300 sqm threshold is not exceeded in this instance.

- 3. Effluent storage facilities adequate to serve the structure having regard to its size, use and location shall be constructed in line with Department of Agriculture, Food and Rural Development and Department of the Environment and Local Government requirements and shall have regard to the need to avoid water pollution.*

Details of the proposed tank are set out in the drawings submitted. The slatted tank must be in line with standards as set by the Department of Agriculture, Food and Rural Development and Department of the Environment and Local Government.

- 4. No such structure shall be situated, and no effluent from such structure shall be stored, within 10 metres of any public road.*

The proposed development is in excess of 10 metres from the public road.

- 5. No such structure within 100 metres of any public road shall exceed 8 metres in height.*

This height threshold is not exceeded in this instance.

- 6. No such structure shall be situated, and no effluent from such structure shall be stored, within 100 metres of any house (other than the house of the person providing the structure) or other residential building or school, hospital, church or building used for public assembly, save with the consent in writing of the owner and, as may be appropriate, the occupier or person in charge thereof.*

The proposed development is not within 100 metres of a dwelling.

7. *No unpainted metal sheeting shall be used for roofing or on the external finish of the structure.*

Painted/coated cladding is proposed.

Article 9 of the Planning and Development Regulations 2001, as amended

Article 9 of the Planning and Development Regulations 2001, as amended outlines restrictions on exempted development, and these are assessed below:

- (i) *contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act*

No onsite planning permission. It is proposed that the use will be agricultural.

- (ii) *consist of or compromise the formation, laying out or material widening of a means of access to a public road the surfaced carriageway of which exceeds 4 metres in width,*

No alterations to the existing access point are proposed.

- (iii) *endanger public safety by reason of traffic hazard or obstruction of road users,*

Not applicable in this instance. There is an existing agricultural access point serving the site.

- (iv) *interfere with the character of a landscape, or a view or prospect of special amenity value or special interest, the preservation of which is an objective of a development plan for the area in which the development is proposed or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan.*

This site is located within the Western Corridor Working Landscape. Having regard to the nature of the proposed development, that nature of the proposal site and its receiving environs, the views available towards the site I consider that development proposed would not interfere with the character of the landscape or views in the area.

- (v) *consist of or comprise the carrying out under a public road of works other than a connection to a wired broadcast relay service, sewer, water main, gas main or electricity supply line or cable, or any works to which class 25, 26 or 31 (a) specified in column 1 of Part 1 of Schedule 2 applies,*

This is not applicable in this instance.

- (vi) *consist of or comprise the excavation, alteration or demolition (other than peat extraction) of places, caves, sites, features or other objects of*

*archaeological, geological, historical, scientific or ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan for the area in which the development is proposed or, pending the variation of a development plan or local area plan, or the making of a new development plan or local area plan, in the draft variation of the development plan or the local area plan or the draft development plan or draft local area plan,*

This is not applicable in this instance.

(vii)

- a. *consist of or comprise the excavation, alteration or demolition of any archaeological monument included in the Record of Monuments and Places, pursuant to section 12(1) of the National Monuments (Amendment) Act 1994, save that this provision shall not apply to any excavation or any works, pursuant to and in accordance with a consent granted under section 14 or a licence granted under section 26 of the National Monuments Act 1930 (No. 2 of 1930) as amended,*

This is not applicable in this instance.

- b. *comprise development in relation to which a planning authority or An Bord Pleanála is the competent authority in relation to appropriate assessment and the development would require an appropriate assessment because it would be likely to have a significant effect on the integrity of a European site,*

The proposal site is located circa 5.7km from the Newhall Edenvale Complex SAC. Stock numbers are restricted such that the amount of livestock manure applied in any year to land on a holding, together with that deposited to land by livestock, must not exceed an amount containing 170kg of nitrogen per hectare, as outlined in the European Communities (Code of Good Agricultural Practice for Protection of Waters) Regulations, 2014. Having regard to the nature and scale of the proposed development and the absence of proximity or connectivity to a European Site, no Appropriate Assessment issues arise and I do not consider that the proposed development would be likely to have a significant effect individually or in combination with other plans or projects, on a European Site. An appropriate assessment screening report and determination is attached to this report.

- a. *consist of or comprise development which would be likely to have an adverse impact on an area designated as a natural heritage area by order made under section 18 of the Wildlife (Amendment) Act 2000."*

The proposed development would not be likely to have an adverse impact on an area designated as a natural heritage area.

- (viii) *consist of or comprise the extension, alteration, repair or renewal of an unauthorised structure or a structure the use of which is an unauthorised use,*

This is not applicable in this instance.

- (ix) *consist of the demolition or such alteration of a building or other structure as would preclude or restrict the continuance of an existing use of a building or other structure where it is an objective of the planning authority to ensure that the building or other structure would remain available for such use and such objective has been specified in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan,*

This is not applicable in this instance.

- (x) *consist of the fencing or enclosure of any land habitually open to or used by the public during the 10 years preceding such fencing or enclosure for recreational purposes or as a means of access to any seashore, mountain, lakeshore, riverbank or other place of natural beauty or recreational utility,*

This is not applicable in this instance.

- (xi) *obstruct any public right of way,*

This is not applicable in this instance.

- (xii) *further to the provisions of section 82 of the Act, consist of or comprise the carrying out of works to the exterior of a structure, where the structure concerned is located within an architectural conservation area or an area specified as an architectural conservation area in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan and the development would materially affect the character of the area.*

This is not applicable in this instance.

### **Conclusion**

Having regard to the above it is considered that the construction of a slatted shed at Darragh, Ennis, County Clare constitutes both 'works' and 'development'. However regard has also been had to Class 6 of Part 3 of Schedule 2 of the Planning and Development Regulations 2001, as amended and the proposed shed is development and is exempted development.

## Recommendation

**The following question has been referred to the Planning Authority:**

Whether the construction of a slatted shed at Darragh, Ennis, County Clare, is or is not development and is or is not exempted development.

**The Planning Authority in considering this referral had regard to:**

- (a) Sections 2, 3 and 4 of the Planning and Development Act, 2000, as amended,
- (b) Articles 6 and 9 of the Planning and Development Regulations 2001, as amended
- (c) Class 6 of Part 3 of Schedule 2 of the Planning and Development Regulations 2001, as amended.
- (d) The works as indicated in submitted documents from the referrer on 24<sup>th</sup> February 2022.

And whereas Clare County Council (Planning Authority) has concluded:

- (a) the development of the construction of a slatted shed at Darragh, Ennis, County Clare, constitutes "*works*" which come within the scope of section 2 (1) of the Planning and Development Act 2000, as amended
- (b) the said works constitute "*development*" which comes within the scope of section 3 (1) of the Planning and Development Act 2000, as amended
- (c) the said development of the construction of a 4-bay slatted shed at Darragh, Ennis, County Clare, is exempted development having regard to Class 6 of Schedule 2, Part 3 of the Planning and Development Regulations 2001, as amended.

Now therefore Clare County Council (Planning Authority) hereby decides that the construction of a slatted shed at Darragh, Ennis, County Clare, is development and is exempted development.

### Screening for Appropriate Assessment & Determination

1. Table 1 to be filled in for all development applications.
2. Where proposed development is within a European site(s) site, go directly to table 3.
3. For all other development proposals, fill in table 2, and if required, table 3.
4. A Habitats Directive Screening Statement should be sought for all developments regardless of location which require an EIS

**Table 2: Identification of European sites which may be impacted by the proposed development.**

This section identifies the European Sites within the likely zone of impact of the plan or project. For plans an initial 15km zone of influence (NPWS-DAHG)<sup>1</sup> is recommended. For projects, the distance could be much less than 15km, and in some cases less than 100m, but this must be evaluated on a case-by-case basis with reference to the nature, size and location of the project, and the sensitivities of the ecological receptors, and the potential for in combination effects. Qualifying Interests/Special conservation Interests for each site and the distance relevant to the proposal are listed (Table 2 (a)).

<sup>1</sup> European Sites that are more than 15km from the proposal may have to be considered. For example in the case of sites with water dependent habitats or species and where a proposal could affect water quality or quantity it may be necessary to consider the full extent of the upstream and/or downstream catchment.

**Table 2 (a): European Sites within 15km of Applicant Site**

<b>European Sites<sup>2</sup></b>	<b>Qualifying Interests (QIs)/Special Conservation Interests (SCIs) and conservation objectives (either generic or detailed) (available on <a href="http://www.npws.ie/protectedsites">www.npws.ie/protectedsites</a>) or through Intranet.</b>	<b>Distance to Applicant Site (km)</b>

<b>1</b>	<b>Impacts on designated rivers, streams, lakes and fresh water dependant habitats and species.</b>	<i>Is the development in the catchment of or immediately upstream of a watercourse that has been designated as a European site?</i>	No
<b>2</b>	<b>Impacts on terrestrial habitats and species.</b>	<i>Is the development within 1km of a European site with terrestrial based habitats or species?</i>	No
<b>3</b>	<b>Impacts on designated marine habitats and species.</b>	<i>Is the development located within marine or intertidal areas and within 5 km of a European site whose qualifying habitats or species include the following: Mudflats, sandflats, saltmarsh, shingle, reefs, sea cliffs</i>	No
<b>4</b>	<b>Impacts on birds in SPAs</b>	<i>Is the development within 1km of a Special Protection Area</i>	No
<b>5</b>	<b>Indirect effects</b>	<i>Is the development, in combination with other existing or proposed developments likely to impact on an adjacent European site? Is any emission from the development (including noise) likely to impact on an adjacent habitat or species?</i>	No impacts envisaged

<sup>2</sup> European Site details are available on <http://webgis.npws.ie/npwsviewer/> or maybe obtained from internal mapping systems.

(c) The potential for significant effects to European Site(s) cannot be ruled out <sup>4</sup>	No

<sup>3</sup> Appropriate Assessment is not required and therefore Planning permission may be granted at this stage subject to all other planning considerations. However, no changes may be made to the proposed development after this conclusion has been reached as this would invalidate the findings of the screening exercise.

<sup>4</sup> In accordance with S177U of the Planning and Development (Amendment) Act 2010, the applicant should be requested to submit an 'Appropriate Assessment Screening Matrix' completed by a suitably qualified ecologist, by way of Further Information. Following receipt of this information a new Appropriate Screening Report should be completed. The requested 'Appropriate Assessment Screening Matrix' should be in accordance with the template outlined in Annex 2, Figure 1 of the EU (2001) guidance document 'Assessment of plans and projects significantly affecting European Sites – Methodological guidance on the provisions of Article 6(3) and (4) of the Habitats Directive 92/43/EEC. <sup>5</sup> The proposed development must either by refused planning permission or alternatively an 'Appropriate Assessment' (AA) should be carried out by the Planning Authority. In order to facilitate the preparation of an AA the applicant should be requested to submit a Natura Impact Statement (NIS) in accordance with S177 (T) of the Planning and Development (Amendment) Act 2010. However, in the case of an application to retain unauthorised development of land and where the authority decides that an 'appropriate assessment' should have been carried out prior to the commencement of development, the application is required to be invalidated by the Planning Authority as per S34 (12) of the Planning and Development (Amendment) Act 2010 and accordingly an NIS should not be requested in such instances.
