Is the removal of a diseased ash crop, and replacement of same with Sitka Spruce and Japanese Larch, at Burren, Co. Clare, considered to be development and if so, is it exempted development?

AND WHEREAS, Gerard Shannon has requested a declaration from Clare County Council on the said question.

AND WHEREAS Clare County Council, in considering this referral, had regard in particular to –

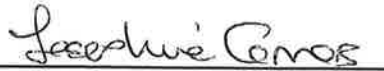

- (a) Sections 2, 3 and 4 of the Planning and Development Act, 2000, as amended,
- (b) Articles 6, 8 and 9 of the Planning and Development Regulations 2001, as amended
- (c) Article 8(f) of Part 2 of the Planning and Development Regulations 2001 (as amended)
- (d) Class 16 of Part 3 of Schedule 2 of the Planning and Development Regulations 2001, as amended.
- (e) The works as indicated in submitted documents from the referrer on the 14th July 2022.

And whereas Clare County Council has concluded:

- (a) the development of the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare.
- (b) the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare constitutes “works” which come within the scope of section 2 (1) of the Planning and Development Act 2000, as amended
- (c) the said works constitute “development” which comes within the scope of section 3 (1) of the Planning and Development Act 2000, as amended
- (d) the said development of the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare is exempted development having regard to Article 8(f) of Part 2 and Class 16 of Part 3 of Schedule 2 of the Planning and Development Regulations 2001, as amended.

THEREFORE: The Planning Authority in exercise of the powers conferred on it by Section 5 of the Planning and Development Act, 2000 (as amended), hereby decides that:

The proposed development consisting of the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare is development and is exempted development as defined within the Planning & Development Acts, 2000 (as amended) and associated regulations.

Background to Referral

This Referral under Section 5(3)(a) of the Planning and Development Act 2000 (as amended) has been made by Gerard Shannon who states that he is seeking a Section 5 Declaration as to whether the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare is not development and is or is not exempted development. Mr Shannon states that he is the owner of the site.

Statutory Provisions

Planning and Development Act, 2000 (as amended)

In order to assess this proposal, regard has to be had to the *Planning and Development Act 2000, as amended*.

S.3.(1) In this Act, “development” means, except where the context otherwise requires, ***the carrying out of any works on, in, over or***

under land or the making of any material change in the use of any structures or other land.

'Works' are defined in Section 2 of the *Planning and Development Act 2000, as amended* as follows:

"works" includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Planning & Development Regulations, 2001, as amended

Article 6 refers to Exempted Development and states that subject to Article 9, development of a class specified in column 1 of Part 3 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 3 opposite the mention of that class in the said column 1.

Planning and Development Regulations 2001 (as amended) Part 2, 8(f)

Development (other than the replacement of broadleaf high forest by conifer species) that is licensed or approved under section 6 of the Forestry Act 2014 (No. 31 of 2014) and that consists of –

- a) the thinning, felling or replanting of trees, forests or woodlands, or*
- b) works ancillary thereto,*

shall be exempted development.

Planning and Development Regulations 2001 (as amended) Part 3, Class 16

Replacement of broadleaf high forest by conifer species.

- *The area involved shall be less than 10 hectares.*

Under Article 9 (1) of the same Regulations, *development to which Article 6 relates shall not be exempted development for the purposes of the Act:*

- (a) if the carrying out of such development would –*
 - (i) contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act*
 - (ii) consist of or compromise the formation, laying out or material widening of a means of access to a public road the surfaced carriageway of which exceeds 4 metres in width,*

(iii) endanger public safety by reason of traffic hazard or obstruction of road users,

(iv) interfere with the character of a landscape, or a view or prospect of special amenity value or special interest, the preservation of which is an objective of a development plan for the area in which the development is proposed or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan.

(vii) consist of or comprise the excavation, alteration or demolition (other than peat extraction) of places, caves, sites, features or other objects of archaeological, geological, historical, scientific or ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan for the area in which the development is proposed or, pending the variation of a development plan or local area plan, or the making of a new development plan or local area plan, in the draft variation of the development plan or the local area plan or the draft development plan or draft local area plan,

(viiA) consist of or comprise the excavation, alteration or demolition of any archaeological monument included in the Record of Monuments and Places, pursuant to section 12(1) of the National Monuments (Amendment) Act 1994, save that this provision shall not apply to any excavation or any works, pursuant to and in accordance with a consent granted under section 14 or a licence granted under section 26 of the National Monuments Act 1930 (No. 2 of 1930) as amended,

(viiB) comprise development in relation to which a planning authority or An Bord Pleanála is the competent authority in relation to appropriate assessment and the development would require an appropriate assessment because it would be likely to have a significant effect on the integrity of a European site,

(viiC) consist of or comprise development which would be likely to have an adverse impact on an area designated as a natural heritage area by order made under section 18 of the Wildlife (Amendment) Act 2000."

(viii) consist of or comprise the extension, alteration, repair or renewal of an unauthorised structure or a structure the use of which is an unauthorised use,

(ix) consist of the demolition or such alteration of a building or other structure as would preclude or restrict the continuance of an existing use of a building or other structure where it is an objective of the planning authority to ensure that the building or other structure would remain available for such use and such objective has been specified in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan,

(x) consist of the fencing or enclosure of any land habitually open to or used by the public during the 10 years preceding such fencing or enclosure for recreational purposes or as a means of access to any seashore, mountain, lakeshore, riverbank or other place of natural beauty or recreational utility,

(xi) obstruct any public right of way,

(xii) further to the provisions of section 82 of the Act, consist of or comprise the carrying out of works to the exterior of a structure, where the structure concerned is located within an architectural conservation area or an area specified as an architectural conservation area in a development plan for the

area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan and the development would materially affect the character of the area.

Assessment

Basis of Referral

The applicant is seeking a Section 5 Declaration as to whether the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare is not development and is or is not exempted development.

Particulars of Proposal

The particulars of the proposal and site are set out below:

- | | |
|--------------------|-------------------------------|
| • Area | 4.33 hectares |
| • Existing Species | Ash |
| • Proposed Species | Sitka Spruce & Japanese Larch |

Planning and Development Regulations 2001 (as amended) Part 2, 8(f)

Development (other than the replacement of broadleaf high forest by conifer species) that is licensed or approved under section 6 of the Forestry Act 2014 (No. 31 of 2014) and that consists of –

- a) the thinning, felling or replanting of trees, forests or woodlands, or*
- b) works ancillary thereto,*

shall be exempted development.

The proposed replanting of the forestry would comprise of a mix of deciduous and conifer species. The partial replanting of the area with Japanese Larch would come within the terms of the above exemption.

Planning and Development Regulations 2001 (as amended) Part 3, Class 16

Replacement of broadleaf high forest by conifer species.

- *The area involved shall be less than 10 hectares.*

The area is less than 10 hectares. The partial replanting of the area with Sitka Spruce would come within the terms of the above exemption.

Article 9 of the Planning and Development Regulations 2001, as amended

Article 9 of the Planning and Development Regulations 2001, as amended outlines restrictions on exempted development, and these are assessed below:

- (i) *contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act*

No onsite planning permission.

- (ii) *consist of or compromise the formation, laying out or material widening of a means of access to a public road the surfaced carriageway of which exceeds 4 metres in width,*

Not applicable.

- (iii) *endanger public safety by reason of traffic hazard or obstruction of road users,*

Not applicable.

- (iv) *interfere with the character of a landscape, or a view or prospect of special amenity value or special interest, the preservation of which is an objective of a development plan for the area in which the development is proposed or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan.*

This site is located within a Settled Landscape. Having regard to the nature of the proposed replanting, that nature of the proposal site and its receiving environs, the views available towards the site I consider that development proposed would not interfere with the character of the landscape or views in the area.

- (v) *consist of or comprise the carrying out under a public road of works other than a connection to a wired broadcast relay service, sewer, water main, gas main or electricity supply line or cable, or any works to which class 25, 26 or 31 (a) specified in column 1 of Part 1 of Schedule 2 applies,*

This is not applicable in this instance.

- (vi) *consist of or comprise the excavation, alteration or demolition (other than peat extraction) of places, caves, sites, features or other objects of archaeological, geological, historical, scientific or ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan for the area in which the development is proposed or, pending the variation of a development plan or local area plan, or the making of a new development plan or local area*

plan, in the draft variation of the development plan or the local area plan or the draft development plan or draft local area plan,

This is not applicable in this instance.

(vii)

- a. consist of or comprise the excavation, alteration or demolition of any archaeological monument included in the Record of Monuments and Places, pursuant to section 12(1) of the National Monuments (Amendment) Act 1994, save that this provision shall not apply to any excavation or any works, pursuant to and in accordance with a consent granted under section 14 or a licence granted under section 26 of the National Monuments Act 1930 (No. 2 of 1930) as amended,*

This is not applicable in this instance.

- b. comprise development in relation to which a planning authority or An Bord Pleanála is the competent authority in relation to appropriate assessment and the development would require an appropriate assessment because it would be likely to have a significant effect on the integrity of a European site,*

The proposal site is located circa 3.5km from River Shannon and River Fergus Estuaries SPA and Lower River Shannon SAC. Having regard to the nature and scale of the proposed replanting and the absence of proximity or connectivity to a European Site, no Appropriate Assessment issues arise and I do not consider that the proposed development would be likely to have a significant effect individually or in combination with other plans or projects, on a European Site. An appropriate assessment screening report and determination is attached to this report.

- a. consist of or comprise development which would be likely to have an adverse impact on an area designated as a natural heritage area by order made under section 18 of the Wildlife (Amendment) Act 2000.”*

The proposed development would not be likely to have an adverse impact on an area designated as a natural heritage area.

- (viii) consist of or comprise the extension, alteration, repair or renewal of an unauthorised structure or a structure the use of which is an unauthorised use,*

This is not applicable in this instance.

- (ix) consist of the demolition or such alteration of a building or other structure as would preclude or restrict the continuance of an existing use of a building or other structure where it is an objective of the planning authority to ensure that the building or other structure would remain available for such use and such objective has been specified in a*

development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan,

This is not applicable in this instance.

- (x) *consist of the fencing or enclosure of any land habitually open to or used by the public during the 10 years preceding such fencing or enclosure for recreational purposes or as a means of access to any seashore, mountain, lakeshore, riverbank or other place of natural beauty or recreational utility,*

This is not applicable in this instance.

- (xi) *obstruct any public right of way,*

This is not applicable in this instance.

- (xii) *further to the provisions of section 82 of the Act, consist of or comprise the carrying out of works to the exterior of a structure, where the structure concerned is located within an architectural conservation area or an area specified as an architectural conservation area in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan and the development would materially affect the character of the area.*

This is not applicable in this instance.

Conclusion

Having regard to the above it is considered that the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare is development and is exempted development.

Recommendation

The following question has been referred to the Planning Authority:

Whether the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare is not development and is or is not exempted development.

The Planning Authority in considering this referral had regard to:

- (a) Sections 2, 3 and 4 of the Planning and Development Act, 2000, as amended,
- (b) Articles 6, 8 and 9 of the Planning and Development Regulations 2001, as amended

- (c) Article 8(f) of Part 2 of the Planning and Development Regulations 2001 (as amended)
- (d) Class 16 of Part 3 of Schedule 2 of the Planning and Development Regulations 2001, as amended.
- (e) The works as indicated in submitted documents from the referrer on the 14th July 2022.

And whereas Clare County Council (Planning Authority) has concluded:

- (a) the development of the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare.
- (b) the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare constitutes "works" which come within the scope of section 2 (1) of the Planning and Development Act 2000, as amended
- (c) the said works constitute "development" which comes within the scope of section 3 (1) of the Planning and Development Act 2000, as amended
- (d) the said development of the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare is exempted development having regard to Article 8(f) of Part 2 and Class 16 of Part 3 of Schedule 2 of the Planning and Development Regulations 2001, as amended.

Now therefore Clare County Council (Planning Authority) hereby decides that the removal of diseased ash plantation (4.33 hectares) and the replanting of same with Sitka Spruce and Japanese Larch at Burren, County Clare is development and is exempted development.

This section identifies the European Sites within the likely zone of impact of the plan or project. For plans an initial 15km zone of influence (NPWS-DAHG)¹ is recommended. For projects, the distance could be much less than 15km, and in some cases less than 100m, but this must be evaluated on a case-by-case basis with reference to the nature, size and location of the project, and the sensitivities of the ecological receptors, and the potential for in combination effects. Qualifying Interests/Special conservation Interests for each site and the distance relevant to the proposal are listed (Table 2 (a)).

Following receipt of this information a new Appropriate Screening Report should be completed. The requested 'Appropriate Assessment Screening Matrix' should be in accordance with the template outlined in Annex 2, Figure 1 of the EU (2001) guidance document 'Assessment of plans and projects significantly affecting European Sites – Methodological guidance on the provisions of Article 6(3) and (4) of the Habitats Directive 92/43/EEC. This guidance document is available from http://ec.europa.eu/environment/nature/natura2000/management/docs/art6/natura_2000_assess_en.pdf

Alternatively, where other planning concerns arise the proposal could be refused planning permission.

⁵ The proposed development must either by refused planning permission or alternatively an 'Appropriate Assessment' (AA) should be carried out by the Planning Authority. In order to facilitate the preparation of an AA the applicant should be requested to submit a Natura Impact Statement (NIS) in accordance with S177 (T) of the Planning and Development (Amendment) Act 2010. However, in the case of an application to retain unauthorised development of land and where the authority decides that an 'appropriate assessment' should have been carried out prior to the commencement of development, the application is required to be invalidated by the Planning Authority as per S34 (12) of the Planning and Development (Amendment) Act 2010 and accordingly an NIS should not be requested in such instances.
