Is the proposed slated shed of 200sqm development and if so, is it exempted development?

A Chara,

I refer to your application received on 19th November 2025 under Section 5 of the Planning & Development Act 2000 (as amended) in relation to the above:

The Planning Authority has considered the matter and I attach herewith the Council's findings in this matter.

Where a declaration is issued by the Planning Authority, any person issued with a declaration, may on payment to An Coimisiún Pleanála of the required fee, refer a declaration for review by An Coimisiún Pleanála within 4 weeks of the date of the issuing of the declaration. Details on making such appeal are available on the Board's website at www.pleanala.ie.

**DECLARATION ISSUED UNDER SECTION 5 OF THE
PLANNING & DEVELOPMENT ACT 2000 (AS AMENDED)**

Reference No.: R25-95

Section 5 referral Reference R25-95

Is the proposed slatted shed of 200sqm development and if so, is it exempted development?

AND WHEREAS, Lourda Dunne has requested a declaration from Clare County Council on the said question.

AND WHEREAS Clare County Council, in considering this referral, had regard in particular to –

- (a) Sections 2, 3 and 4 of the Planning and Development Act, 2000, as amended,
- (b) Articles 6 and 9 of the Planning and Development Regulations 2001, as amended
- (c) Class 6 of Part 3 of Schedule 2 of the Planning and Development Regulations 2001, as amended.
- (d) The works as indicated in submitted documents from the referrer on the 19th November 2025.

And whereas Clare County Council has concluded:

- (a) The development of the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, County Clare, constitutes “works” which come within the scope of section 2 (1) of the Planning and Development Act 2000, as amended.
- (b) The said works constitute “development” which comes within the scope of section 3 (1) of the Planning and Development Act 2000, as amended.
- (c) The said development of the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, County Clare, is exempted development having regard to Class 6 and Class 9 of Schedule 2, Part 3 of the Planning and Development Regulations 2001, as amended.

THEREFORE: The Planning Authority in exercise of the powers conferred on it by Section 5 of the Planning and Development Act, 2000 (as amended), hereby decides that:

The proposed development consisting of the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, Co. Clare **constitutes development** which is **exempted development** as defined within the Planning & Development Acts, 2000 (as amended) and associated regulations.

FILE REF:	R25-95
APPLICANT(S):	Lourda Dunne
REFERENCE:	Whether the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, County Clare is not development and is or is not exempted development.
LOCATION:	Toornahooan, Lisdoonvarna, County Clare
DUE DATE:	16 th December 2025

Site Location

The proposal site is located in the rural townland of Toornahooan to the east of Doolin which is approximately 3.8km east of the Crosses of Annagh. It is to the north east of the LS5062 local secondary road and to the rear of existing sheds (both domestic and agricultural). The receiving landscape falls from north west to south east. The main views towards the site are south easterly approach views on the adjacent local road. I inspected the site on the 05th December 2025.

Recent Planning History

Onsite

None.

North

02-1231 – Withdrawn - Maura Collins - Approval to construct a dwelling house & septic tank.

South

Background to Referral

This Referral under Section 5(3)(a) of the Planning and Development Act 2000 (as amended) has been made by Lourda Dunne who states that she is seeking a Section 5 Declaration as to whether the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, County Clare is not development and is or is not exempted development.

Statutory Provisions

Planning and Development Act, 2000 (as amended)

In order to assess this proposal, regard has to be had to the *Planning and Development Act 2000, as amended*.

S.3.(1) In this Act, "development" means, except where the context otherwise requires, **the carrying out of any works on, in, over or under land** or the making of any material change in the use of any structures or other land.

'Works' are defined in Section 2 of the *Planning and Development Act 2000, as amended* as follows:

"works" includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Planning & Development Regulations, 2001, as amended

Article 6 refers to Exempted Development and states that subject to Article 9, development of a class specified in column 1 of Part 3 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 3 opposite the mention of that class in the said column 1.

Planning and Development Regulations 2001 (as amended) Schedule 2, Part 3, Class 6

Works consisting of the provision of a roofed structure for the housing of cattle, sheep, goats, donkeys, horses, deer or rabbits, having a gross floor space not exceeding 200 square metres (whether or not by extension of an existing structure), and any ancillary provision for effluent storage.

1. *No such structure shall be used for any purpose other than the purpose of agriculture.*
2. *The gross floor space of such structure together with any other such structures situated within the same farmyard complex or within 100 metres of that complex shall not exceed 300 square metres gross floor space in aggregate.*
3. *Effluent storage facilities adequate to serve the structure having regard to its size, use and location shall be constructed in line with Department of Agriculture, Food and Rural Development and Department of the Environment and Local Government requirements and shall have regard to the need to avoid water pollution*
4. *No such structure shall be situated, and no effluent from such structure shall be stored, within 10 metres of any public road.*

5. No such structure within 100 metres of any public road shall exceed 8 metres in height.
6. No such structure shall be situated, and no effluent from such structure shall be stored, within 100 metres of any house (other than the house of the person providing the structure) or other residential building or school, hospital, church or building used for public assembly, save with the consent in writing of the owner and, as may be appropriate, the occupier or person in charge thereof.
7. No unpainted metal sheeting shall be used for roofing or on the external finish of the structure.

Under Article 9 (1) of the same Regulations, development to which Article 6 relates shall not be exempted development for the purposes of the Act:

(a) if the carrying out of such development would –

(i) contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act

(ii) consist of or compromise the formation, laying out or material widening of a means of access to a public road the surfaced carriageway of which exceeds 4 metres in width,

(iii) endanger public safety by reason of traffic hazard or obstruction of road users,

(iii)(a) endanger public safety by reason of hazardous glint and/or glare for the operation of airports, aerodromes or aircraft,

(iv) interfere with the character of a landscape, or a view or prospect of special amenity value or special interest, the preservation of which is an objective of a development plan for the area in which the development is proposed or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan.

(vii) consist of or comprise the excavation, alteration or demolition (other than peat extraction) of places, caves, sites, features or other objects of archaeological, geological, historical, scientific or ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan for the area in which the development is proposed or, pending the variation of a development plan or local area plan, or the making of a new development plan or local area plan, in the draft variation of the development plan or the local area plan or the draft development plan or draft local area plan,

(viiA) consist of or comprise the excavation, alteration or demolition of any archaeological monument included in the Record of Monuments and Places, pursuant to section 12(1) of the National Monuments (Amendment) Act 1994, save that this provision shall not apply to any excavation or any works, pursuant to and in accordance with a consent granted under section 14 or a licence granted under section 26 of the National Monuments Act 1930 (No. 2 of 1930) as amended,

(viiB) comprise development in relation to which a planning authority or An Bord Pleanála is the competent authority in relation to appropriate assessment and the development would require an appropriate assessment because it would be likely to have a significant effect on the integrity of a European site,

(viiC) consist of or comprise development which would be likely to have an adverse impact on an area designated as a natural heritage area by order made under section 18 of the Wildlife (Amendment) Act 2000."

(viii) consist of or comprise the extension, alteration, repair or renewal of an unauthorised structure or a structure the use of which is an unauthorised use,

(ix) consist of the demolition or such alteration of a building or other structure as would preclude or restrict the continuance of an existing use of a building or other structure where it is an objective of the planning authority to ensure that the building or other structure would remain available for such use and such objective has been specified in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan,

(x) consist of the fencing or enclosure of any land habitually open to or used by the public during the 10 years preceding such fencing or enclosure for recreational purposes or as a means of access to any seashore, mountain, lakeshore, riverbank or other place of natural beauty or recreational utility,

(xi) obstruct any public right of way,

(xii) further to the provisions of section 82 of the Act, consist of or comprise the carrying out of works to the exterior of a structure, where the structure concerned is located within an architectural conservation area or an area specified as an architectural conservation area in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan and the development would materially affect the character of the area.

Assessment

Basis of Referral

The applicant is seeking a Section 5 Declaration as to whether the construction of a livestock slatted unit at Toornahoon, Lisdoonvarna, County Clare is not development and is or is not exempted development

Particulars of Proposal

The particulars of the proposal and site are set out below:

Proposed Slatted Shed

- | | |
|---------------------------|--|
| • Height | 5 metres |
| • Proposed Floor Area | 200 sqm |
| • Proposed Storage Volume | 180 cbm |
| • Distance from road | Greater than 10 metres |
| • Distance from dwellings | Greater than 100 metres (from 3 rd Party Dwellings) |

Planning and Development Regulations 2001 (as amended) Schedule 2, Part 3, Class 6

Works consisting of the provision of a roofed structure for the housing of cattle, sheep, goats, donkeys, horses, deer or rabbits, having a gross floor space not exceeding 200 square metres (whether or not by extension of an existing structure), and any ancillary provision for effluent storage.

It is proposed that the structure will be used as a slatted shed for the housing of cattle.

- 1. No such structure shall be used for any purpose other than the purpose of agriculture.*

The use proposed is agricultural.

- 2. The gross floor space of such structure together with any other such structures situated within the same farmyard complex or within 100 metres of that complex shall not exceed 300 square metres gross floor space in aggregate.*

The 300 sqm threshold is not exceeded in this instance.

- 3. Effluent storage facilities adequate to serve the structure having regard to its size, use and location shall be constructed in line with Department of Agriculture, Food and Rural Development and Department of the Environment and Local Government requirements and shall have regard to the need to avoid water pollution.*

Details of the proposed tanks are set out in the drawings submitted. The slatted tank must be in line with standards as set by the Department of Agriculture, Food and Rural Development and Department of the Environment and Local Government.

- 4. No such structure shall be situated, and no effluent from such structure shall be stored, within 10 metres of any public road.*

The proposed development is in excess of 10 metres from the public road.

- 5. No such structure within 100 metres of any public road shall exceed 8 metres in height.*

This height threshold is not exceeded in this instance.

- 6. No such structure shall be situated, and no effluent from such structure shall be stored, within 100 metres of any house (other than the house of the person providing the structure) or other residential building or school, hospital, church or building used for public assembly, save with the consent in writing of the owner and, as may be appropriate, the occupier or person in charge thereof.*

The proposed development would not be within 100 metres of existing 3rd party dwellings.

7. *No unpainted metal sheeting shall be used for roofing or on the external finish of the structure.*

Standard agricultural cladding proposed.

Article 9 of the Planning and Development Regulations 2001, as amended

Article 9 of the Planning and Development Regulations 2001, as amended outlines restrictions on exempted development, and these are assessed below:

(a) *if the carrying out of such development would –*

- (i) *contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act*

Not applicable.

- (ii) *consist of or compromise the formation, laying out or material widening of a means of access to a public road the surfaced carriageway of which exceeds 4 metres in width,*

Not applicable.

- (iii) *endanger public safety by reason of traffic hazard or obstruction of road users,*

Site is served by an existing access point.

- (iii)(a) *endanger public safety by reason of hazardous glint and/or glare for the operation of airports, aerodromes or aircraft,*

Standard agricultural cladding proposed.

- (iv) *interfere with the character of a landscape, or a view or prospect of special amenity value or special interest, the preservation of which is an objective of a development plan for the area in which the development is proposed or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan.*

This site is located within a Settled Landscape. Having regard to the nature of the proposed development, that nature of the proposal site and its receiving environs, and the views available towards the site I consider that development proposed would not interfere with the character of the landscape or views in the area.

- (vii) *consist of or comprise the excavation, alteration or demolition (other than peat extraction) of places, caves, sites, features or other objects of archaeological, geological, historical, scientific or ecological interest, the*

preservation, conservation or protection of which is an objective of a development plan or local area plan for the area in which the development is proposed or, pending the variation of a development plan or local area plan, or the making of a new development plan or local area plan, in the draft variation of the development plan or the local area plan or the draft development plan or draft local area plan,

Not applicable.

(viiA) consist of or comprise the excavation, alteration or demolition of any archaeological monument included in the Record of Monuments and Places, pursuant to section 12(1) of the National Monuments (Amendment) Act 1994, save that this provision shall not apply to any excavation or any works, pursuant to and in accordance with a consent granted under section 14 or a licence granted under section 26 of the National Monuments Act 1930 (No. 2 of 1930) as amended,

Not applicable.

(viiB) comprise development in relation to which a planning authority or An Bord Pleanála is the competent authority in relation to appropriate assessment and the development would require an appropriate assessment because it would be likely to have a significant effect on the integrity of a European site,

The proposal site is approximately 3km from the Blackhead Poulsallagh Complex SAC. The spreadland maps were received with the application. Having regard to the nature and scale of the proposed development and the absence of proximity or connectivity to a European Site, no Appropriate Assessment issues arise and I do not consider that the proposed development would be likely to have a significant effect individually or in combination with other plans or projects, on a European Site. An appropriate assessment screening report and determination is attached to this report.

(viiC) consist of or comprise development which would be likely to have an adverse impact on an area designated as a natural heritage area by order made under section 18 of the Wildlife (Amendment) Act 2000."

The proposed development would not be likely to have an adverse impact on an area designated as a natural heritage area.

(viii) consist of or comprise the extension, alteration, repair or renewal of an unauthorised structure or a structure the use of which is an unauthorised use,

Not applicable.

(ix) consist of the demolition or such alteration of a building or other structure as would preclude or restrict the continuance of an existing use of a building or other structure where it is an objective of the planning authority to ensure that the building or other structure would remain available for such use and such

objective has been specified in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan,

Not applicable.

(x) consist of the fencing or enclosure of any land habitually open to or used by the public during the 10 years preceding such fencing or enclosure for recreational purposes or as a means of access to any seashore, mountain, lakeshore, riverbank or other place of natural beauty or recreational utility,

Not applicable.

(xi) obstruct any public right of way,

Not applicable.

(xii) further to the provisions of section 82 of the Act, consist of or comprise the carrying out of works to the exterior of a structure, where the structure concerned is located within an architectural conservation area or an area specified as an architectural conservation area in a development plan for the area or, pending the variation of a development plan or the making of a new development plan, in the draft variation of the development plan or the draft development plan and the development would materially affect the character of the area.

Not applicable.

Conclusion

Having regard to the above it is considered that **the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, County Clare** constitutes both 'works' and 'development'. However, regard has also been had to Class 6 of Part 3 of Schedule 2 of the Planning and Development Regulations 2001, as amended, and the proposal is development that is exempted development.

Recommendation

The following question has been referred to the Planning Authority:

Whether the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, County Clare is not development and is or is not exempted development.

The Planning Authority in considering this referral had regard to:

- (a) Sections 2, 3 and 4 of the Planning and Development Act, 2000, as amended,
- (b) Articles 6 and 9 of the Planning and Development Regulations 2001, as amended

- (c) Class 6 of Part 3 of Schedule 2 of the Planning and Development Regulations 2001, as amended.
- (d) The works as indicated in submitted documents from the referrer on the 19th November 2025.

And whereas Clare County Council (Planning Authority) has concluded:

- (a) the development of the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, County Clare, constitutes "*works*" which come within the scope of section 2 (1) of the Planning and Development Act 2000, as amended
- (b) the said works constitute "*development*" which comes within the scope of section 3 (1) of the Planning and Development Act 2000, as amended
- (c) the said development of the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, County Clare, is exempted development having regard to Class 6 and Class 9 of Schedule 2, Part 3 of the Planning and Development Regulations 2001, as amended.

Now therefore Clare County Council (Planning Authority) hereby decides that the construction of a livestock slatted unit at Toornahooan, Lisdoonvarna, County Clare, is development and is exempted development.

Screening for Appropriate Assessment & Determination

1. Table 1 to be filled in for all development applications.
2. Where proposed development is within a European site(s) site, go directly to table 3.
3. For all other development proposals, fill in table 2, and if required, table 3.
4. A Habitats Directive Screening Statement should be sought for all developments regardless of location which require an EIS

Table 2: Identification of European sites which may be impacted by the proposed development.

This section identifies the European Sites within the likely zone of impact of the plan or project. For plans an initial 15km zone of influence (NPWS-DAHG)¹ is recommended. For projects, the distance could be much less than 15km, and in some cases less than 100m, but this must be evaluated on a case-by-case basis with reference to the nature, size and location of the project, and the sensitivities of the ecological receptors, and the potential for in combination effects. Qualifying Interests/Special conservation Interests for each site and the distance relevant to the proposal are listed (Table 2 (a)).

Table 2 (a): European Sites within 15km of Applicant Site

¹ European Sites that are more than 15km from the proposal may have to be considered. For example in the case of sites with water dependent habitats or species and where a proposal could affect water quality or quantity it may be necessary to consider the full extent of the upstream and/or downstream catchment.

² European Site details are available on <http://webgis.npws.ie/npwsviewer/> or maybe obtained from internal mapping systems.

1	Impacts on designated rivers, streams, lakes and fresh water dependant habitats and species.	<i>Is the development in the catchment of or immediately upstream of a watercourse that has been designated as a European site?</i>	Yes
2	Impacts on terrestrial habitats and species.	<i>Is the development within 1km of a European site with terrestrial based habitats or species?</i>	No
3	Impacts on designated marine habitats and species.	<i>Is the development located within marine or intertidal areas and within 5 km of a European site whose qualifying habitats or species include the following: Mudflats, sandflats, saltmarsh, shingle, reefs, sea cliffs</i>	No
4	Impacts on birds in SPAs	<i>Is the development within 1km of a Special Protection Area</i>	No
5	Indirect effects	<i>Is the development, in combination with other existing or proposed developments likely to impact on an adjacent European site? Is any emission from the development (including noise) likely to impact on an adjacent habitat or species?</i>	No impacts envisaged

Date	05 th December 2025

⁴ In accordance with S177U of the Planning and Development (Amendment) Act 2010, the applicant should be requested to submit an 'Appropriate Assessment Screening Matrix' completed by a suitably qualified ecologist, by way of Further Information. Following receipt of this information a new Appropriate Screening Report should be completed. The requested 'Appropriate Assessment Screening Matrix' should be in accordance with the template outlined in Annex 2, Figure 1 of the EU (2001) guidance document 'Assessment of plans and projects significantly affecting European Sites – Methodological guidance on the provisions of Article 6(3) and (4) of the Habitats Directive 92/43/EEC. This guidance document is available from http://ec.europa.eu/environment/nature/natura2000/management/docs/art6/natura_2000_assess_en.pdf

Alternatively, where other planning concerns arise the proposal could be refused planning permission.

⁵ The proposed development must either by refused planning permission or alternatively an 'Appropriate Assessment' (AA) should be carried out by the Planning Authority. In order to facilitate the preparation of an AA the applicant should be requested to submit a Natura Impact Statement (NIS) in accordance with S177 (T) of the Planning and Development (Amendment) Act 2010. However, in the case of an application to retain unauthorised development of land and where the authority decides that an 'appropriate assessment' should have been carried out prior to the commencement of development, the application is required to be invalidated by the Planning Authority as per S34 (12) of the Planning and Development (Amendment) Act 2010 and accordingly an NIS should not be requested in such instances.

Official Tailte Éireann Registration Map

This map should be read in conjunction with the folio.

Tailte Éireann (TÉ) Registration mapping is based on TÉ Surveying mapping. Where TÉ Registration maps are printed at a scale that is larger than the TÉ Surveying scale, accuracy is limited to that of the TÉ Surveying map scale.

For details of the terms of use and limitations of scale, accuracy and other conditions relating to TÉ Registration maps, see www.tailte.ie.

This map incorporates TÉ Surveying map data under a licence from TÉ. Copyright © Tailte Éireann and Government of Ireland.

- Leasehold
- SubLeasehold
- 'S' Register

(see Section 8(b)(II) of Registration of Title Act 1964 and Rule 224 & 225 Land Registration Rules 1972 - 2010).

Burdens (may not all be represented on map)

- Right of Way / Wayleave
- Turbary
- Pipeline
- Well
- Pump
- Septic Tank

A full list of burdens and their symbology can be found at: www.landdirect.ie

Tailte Éireann Registration operates a non-conclusive boundary system. The TÉ Registration map identifies properties not boundaries meaning neither the description of land in a folio nor its identification by reference to a TÉ Registration map is conclusive as to the boundaries or extent.

(see Section 85 of the Registration of Title Act, 1964). As Inserted by Section 62 of the Registration of Deed and Title Act 2006.
