| FOI-001-HR25   | 23/04/2025 | 1. In your Local Authority's (LA) Water Services Department prior to the effective date where Uisce Eireann (UE) took over operational control of that section what was the staffing structure within that said section for both indoor staff and outdoor workers who were directly employed by your LA. on the 1st. of December 2013 I do not need to know the staff numbers involved but do require a list of the grades involved i.e. Outdoor workers an example of which could include, General Service Supervisors, Craftspeople (of various grades), Caretakers and General Operatives. Indoor staff which could include, Senior Engineers, Senior Executive Engineers, Executive Engineers etc. and including Administrative staff etc. Where a grade could have sub grades for example in the case of craftspeople where the term craftsperson could encompass Craftspeople, Foreman Craftspeople, Assistant Foreman Craftspeople or Senior Craftspeople etc. I would require these sub grades to be included.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Other      | Part-granted | 22/05/2025 |
